PROFILE

Business Analyst with 3 years of hands-on experience in **financial analysis, sales operations, KPI tracking, forecasting, and performance reporting** across commercial operations and financial services, with strong analytical skills in data-driven analysis

EDUCATION

Purdue University, Daniels School of Business — **West Lafayette, IN**
Master of Science in Business Analytics and Information Management — **December 2026**

Institute of Business Administration — **Karachi, Pakistan**
Bachelor of Science in Accounting and Finance — **May 2023**

- Dean's Honor List Fall 2020, Sindh Educational Endowment Scholarship Recipient

PROFESSIONAL EXPERIENCE

Wall AI — **Chicago, IL**
Solutions Architect — **May 2026 – Aug 2026**

- Worked directly with Wall AI's founders to gather and document requirements for integrating AI Video Models into Skiprr
- Analyzed the business case for the integration, expected usage volume, and impact on Skiprr's competitive positioning
- Built tracking metrics and early success criteria (adoption rate, generation completion rate) to evaluate the feature post-launch
- Designed the end-to-end architecture connecting Skippr to the AI video model, covering API integration and the output pipeline
- Synthesized early user feedback after rollout into a prioritized list of follow-up improvements for the founders' review

GDM AgReliant — **West Lafayette, IN**
Data Analytics Consultant — **Jan 2026 – May 2026**

- Spearheaded the development of a Monte Carlo simulation dashboard for GDM AgReliant, integrating AI interpretation
- Incorporated Purdue's Llama 3.1 LLM to auto-generate plain-language interpretations of simulation outputs for stakeholders
- Deployed interactive multi-variable Streamlit dashboard on GitHub enabling real-time seed production scenario planning
- Compared different production strategies by quantifying tradeoffs between mean sales, and stock-out probability

Unilever Limited — **Karachi, Pakistan**
B2B Operations Manager — **April 2025 – August 2025**

- Managed a portfolio of 200+ B2B accounts, achieving consistent 10% MoM revenue growth through data-driven planning
- Led a team of 4, establishing KPI frameworks and performance monitoring systems that drove target achievement
- Conducted feasibility analysis, discount optimization, and profitability assessments across a ~$0.5M monthly portfolio
- Spearheaded cross-functional coordination across sales, finance, and supply chain to drive alignment on targets and execution
- Identified cash recovery inefficiencies and built a tracking system that reduced collection time by 30%

Unilever Limited — **Karachi, Pakistan**
Business Data Analyst — **April 2024 – April 2025**

- Oversaw analytics for UFS Pakistan's $4M+ USD total portfolio, tracking performance across distributors and product categories
- Managed and queried SQL databases to extract, clean, and validate sales data, ensuring integrity across reporting workflows
- Consolidated and analyzed Primary and Secondary sales data to deliver weekly performance reports for senior stakeholders
- Built Power BI dashboards to track KPIs, enabling data-driven decisions across sales and portfolio management
- Delivered insights on market reach and penetration to support finance and marketing teams in planning promotions and forecasts

Meezan Bank Limited — **Karachi, Pakistan**
Treasury Operations Analyst — **September 2023 – April 2024**

- Monitored and reconciled accounts across Reuters and banking platforms, overseeing $3M in daily international remittances
- Evaluated and processed international remittances in compliance with regulatory and security requirements
- Supported treasury operations and maintained relationships with clients including Western Union, Mastercard, and TapTap Send
